KEITH KORNACKI

Professional Summary

I am a well-rounded professional who has worked in a variety of industries. I thrive when faced with challenges and perform well in both team and individual working environments. Utilizing my knowledge, technical skills and soft skills, I always strive to exceed expectations, grow & develop working relationships and contribute to the goals of the team and organization to which I belong.

My end goal is to establish a lifelong career as a software developer, wherein I can contribute to achieving the established goals of my team and employer by utilizing my current and future skills and industry knowledge.
